

Specification

Potassium Hexacyanomanganate III

Catalog Number: PH1005
CAS Number: 14023-90-6
Synonym(s): Potassium manganic cyanide
Molecular Formula: $K_3Mn(CN)_6$
Molecular Weight: 328.34
Storage: 15°C - 30°C
Retest Period: Five years from date of manufacture.

Test	Specification
Appearance	Brown to black powder, crystals, crystalline powder and/or chunks
Purity	≥ 99%
Identification (FTIR)	To match reference spectra
Density	4.380 g/cm ³
