

Specification

4-Amino-3-Nitrophenol

Catalog Number: AN1005
CAS Number: 610-81-1
Synonyms: N/A
Molecular Formula: C₆H₆N₂O₃
Molecular Weight: 154.13

| Test | Specification |
|--------------------|---------------------------------------|
| Description: | Dark Red to maroon crystalline powder |
| Infrared Spectrum: | To Conform to structure and standard |
| Assay (HPLC) : | 98.0% Minimum |
| Melting Point: | 151-153 °C |
| Loss on Drying: | 1.00% Maximum |

Approved:
