

## Specification

### Thymol NF

**Catalog Number:** TH1012  
**CAS Number:** 89-83-8  
**Synonyms:** 5-Methyl-2-isopropylphenol  
**Molecular Formula:** C<sub>10</sub>H<sub>14</sub>O  
**Molecular Weight:** 150.22

Test	Specification
Appearance:	White or Colorless crystals with characteristic odor.
Assay (Titration):	99.0 - 101.0%
Identification A: B:	IR: Conforms to standard Melting Point: 48-51° C
Non-Volatile Residue:	0.05% maximum

Approved:
