

General Descriptions

- Product name Cryo Vials
- Further description External thread with silicone washer seal
- General applications Manufactured from virgin ultra-clear polypropylene for storing biological material or cells at temperature as low as -196°C (only in gas phase of liquid nitrogen)
Neutral vials come without assembled cap top insert.
TPE O ring for excellent seal.
Autoclavable
- Certificates certified CE ; FDA
- Dnase/Rnase free upon requirement;

General Specifications

● Tube material	Polypropylene	
● Temperature	-196°C ~ 121 °C	
● Part A	12.5mm	
● Part B	CV300-1	34,5mm
	CV300-2	41,5mm
	CV300-2R	39,5mm
	CV300-3	63,5mm
	CV300-4	68,5mm
	CV300-5	83,5mm
● Part C	CV300-1	42 mm
	CV300-2	49 mm
	CV300-2R	47 mm
	CV300-3	71 mm
	CV300-4	76 mm
	CV300-5	91 mm
