

Media Bottles

Gojira Fine Chemicals offers full line of high quality disposable sterile, DNase/RNase free PETG square based media bottles. We have all of the products in the stock ready for shipment.

All of the bottles have molded graduations and leakproof HDPE screw cap. The bottles are sterilized up to 10-6 SAL and are certified nonpyrogenic, DNase, RNase free. The bottles can be used for cryogenic storage down to -70 °C.

Please give us a call or email us at sales@gojirafc.com with a request for a quotation. We provide free evaluation samples to all qualified customers.
